## TAFT WILL WIN TARIFF FIGHT

CONGRESS FORCED TO  
GRANT CONCESSIONS

Material Reductions Likely to  
Be Made on Coal and  
Lumber.

Washington, D. C., July 19.—President Taft will win his fight for free admission or lower rates of duty on raw materials. Nearly every member of the conference committee on the tariff bill concedes this. Indications are that when the new tariff bill becomes a law the rates on the articles which the president desired to come in free will be as follows:

Iron ore free, present rate 40 cents per ton; oil free, now protected by countervailing duty; hides 7 1/2 per cent; coal, 45 cents per ton, present rate, 67 cents; lumber probably 21.25 on rough, with senate rates on finished. This would be a material reduction throughout the lumber schedule.

When the conference transferred to the president's shoulders the responsibility of pitting the foregoing raw materials on the free list it was not believed he would meet with success in bringing about a changed sentiment in relation to these articles. For several days, however, members of congress have been going to the White House, and not a few came away convinced that the president was right in insisting that all the articles would stand lower rates. It was not believed that he would be able to put hides, lumber, ore and coal on the free list, but it was acknowledged that any reduction of rates of the pending bill on these articles would amount to an administration triumph.

That a change of sentiment had taken place in the senate in the matter of free iron ore and oil was a matter of common gossip about the capitol. It was stated that the 15 per cent ad valorem rates on hides would have to be cut in half, although some are still hopeful of retaining a rate as high as 10 per cent.

Coal at 45 cents a ton, it was declared, would prove satisfactory to every section except Wyoming, which fears that the industry in that state might be ruined by cheap Canadian coal. Two railroads are now building from northwestern states to Canada, which will tap the Canadian coal fields. It is understood that the 45 cent rate, if adopted, will provide for no change in the existing rate of 15 cents a ton on slack, but that the Elkins amendment providing that this rate shall apply only to natural slack shipped as such at the mines, shall be accepted.

President Taft will win another decided victory in the Philippine free trade provision.

The action taken by the tariff conference settles the question of giving the secretary of the treasury authority to issue 40-year bonds at a rate of interest not exceeding 3 per cent to cover the entire cost of purchasing the site and constructing the Panama canal. An amendment to the tariff bill giving the authority was prepared by Secretary MacVane. It was adopted by the conference.

There is no longer any question that the corporation tax amendment will be accepted.

## WOMAN CHARGED WITH MURDERING HER BABY

Alleged to Have Tried to Kill  
Other Children and End  
Own Life.

Des Moines, Ia., July 19.—Mrs. Wm. M. Oliphant of West Branch, was arrested on Saturday charged with killing her baby girl, attempting to poison three other daughters and attempting to commit suicide.

A letter found in Mrs. Oliphant's purse read: "I have nothing to live for now. My name is blackened. Bury us all by my little angel, Gladys, for the other little ones will soon be with her."

The motive which is believed to have caused the woman's action is found in a suit recently begun by her husband against R. E. Scully, whom he charges with alienation of Mrs. Oliphant's affections. The suit is for \$10,000. Scully was a roomer at the Oliphant home.

During the past thirty-nine years R. Lawrence, a Reading, Eng. postman, has delivered 5,000,000 letters.

## REPORT OF FIRES WAS EXAGGERATED

Only Slight Damage Along Ca-nadian Northern Lines  
in Saskatchewan.

Ottawa, July 19.—Careful inquiry made by the forestry branch of the department of the interior from its officials and from independent lumbermen with regard to the damage reported early in June along the Canadian Northern lines in Saskatchewan show that the reports of the damage were greatly exaggerated. From Tisdale to Etomani the only loss sustained was that of the Carrot River Lumber Company, which lost a quantity of lumber north of Tisdale. Their mill had, however, been previously removed. The Ruby lake mills sustained no loss, a fire in their yard having been got under control without causing serious damage. The fires in the vicinity of Crooked river did little damage. At Roscoe the Canadian Northern railway lost one span of their bridge. The fact that so little loss was caused is matter for congratulation, as much danger exists in lumberyards and along the Canadian Northern railway right-of-way.

Railway Commission of Wash-ington Now Dealing With  
Complaints.

Olympia, Wash., July 18.—To protect persons from injuries at grade crossings, the state railroad commission has issued citations, preliminary to hearings, when orders will be issued requiring railroad companies to move grain warehouses and other structures from the rights of way where such buildings obstruct a view of the tracks from the road.

One citation was issued to the O. R. & N., the Interior Warehouse Company and F. A. Mannering, lessee, on the complaint ordering the removal of a warehouse at Garfield. This warehouse is on the main street of that city and but four feet from a passing track. Teamsters driving along the road are shut off from all view of the track and all they are practically on the track.

## IS THE RACE DECADENT?

The spectre of Macaulay's New Zealander is again troubling the British people. The Americans have beaten the English in a game of polo, for the first or second time in the history of the game, the Australians have won two games out of three in the international cricket matches, a Belgian crew has won the Grand Challenge Cup in the annual aquatic carnival at Henley, the representatives of several nations have made a brave appearance in almost every exercise in which the Anglo-Saxon has hitherto maintained supremacy, while the Canadian riflemen have achieved great successes at Bisley. All these reverses are considered evidence of British decadence. That is to say they are considered by a few commentators writing for American and other foreign newspapers. And there are some pessimistic, despondent Britons who are disturbed in mind about the near advent of the South Sea Islander. They have even reached the stage of mental despondency immediately preceding the act of picking out the bridge upon which the New Zealander shall stand when moribund upon the ruins of once mighty Babylon.

The successes, achieved, however, may not be so much a sign of British physical decadence as evidence of the undoubted fact that the people of other nations are beginning to take an interest in and practice sports which were formerly enjoyed almost exclusively by Anglo-Saxons. The Americans are a sport-loving people—and there are eighty millions of them—just about two to every Briton at home. They have a large field to select from, and may be expected to produce many champions. But the Britons beyond the seas are of the family, and if they be included in the arena of sport, or in any other sphere of activity, probably the old stock might be capable of holding its own against the world. We are less than eight millions in Canada. They are about five millions in Australia. The total population of new South Africa is not a great many millions. But all these young nations have made something of a mark in the athletic field already. In them Great Britain is renewing her youth and is in a position to challenge the world in any line. Is that not so? Probably the Germans realize it, as their newspapers have been paying strict attention to the proceedings at the recent press conference. They will pay strict attention to the proceedings at the conference upon Imperial naval defence.

"Therefore," says Lord Curzon in a speech lately, we must protest against "the spirit of decaying ourselves which is abroad in the land. We cannot take up the morning papers," he said, "without reading of the moral or physical decline of our race. One day we are beaten at international cricket, another day we are worsted in international polo, on another occasion some foreign aquatic team takes from us the laurels of the Thames, or, again, a foreign pastry cook is discovered who can run twenty-three miles quicker than any corresponding champion in this country. Great generals tell us we have no army. We are beginning to be a little bit suspicious about the navy, and, of course, we have a bad government. Then our national poets write poems describing, in almost blood-curdling tones, the decline and ultimate disappearance of the race—every man over fifty is a Cassandra, talking of the brave days of old and the bad times in which we live. A little pessimism may be a good thing as a corrective for national vanity, but I venture to say there is too much of a spirit of decaying ourselves abroad in the land at this moment. There is an element of hypocrisy and cant in it, and perhaps there is something to be said on the other side. We know," he said, on the other hand, "the saying that the judgment of foreign lands is

The nearest equivalent we can get to the enlightened verdict of posterity. Take note of the fact that foreigners are continually coming here seeking to learn the secrets of and imitating the institutions which we at home are continually decrying. If a foreign power—Japan, Persia, Turkey—wants to set up a parliament it is to England that it looks for an example.

Fashion is responsible for the annihilation of one romance and the severance of one marriage tie in the kingdom of Prussia. It is, of course, not the first instance Cupid has come to grief in Vanity Fair, but the case in question was such a remarkable one that the press of the world has commented upon it and the voice of the church has drawn a moral from it. The wife was naturally of a good, substantial figure. The Fair decreed that for the present year at least tenderness should be the mode. So the lady proceeded to train like a jockey, and succeeded in bringing her figure down to the fashionable standard. The husband appealed to the courts for a separation upon the ground that he was entitled to the full weight the marriage contract called for. He obtained his decree. Which shows that the United States is not the only country in the world in which the marriage tie can be severed upon peculiar grounds.

The family of Constable Decker, the officer who was shot and killed by one of the bandits who held up and attempted to rob a C.P.R. train, is going to be provided for, in a measure. The dead man left a son, for whose education the railway company has set aside a sum of \$2,500. This is an unusual thing for a "soulless corporation" to do, and it is worthy of special notice. It is true Constable Decker, in the discharge of his duty, assumed the ordinary risks incidental to his calling; but that is no reason why the public in such cases should permit the dependents of a courageous official to suffer.

They can't dodge the lightning at this season of the year in the East. An unfortunate young fellow who had taken refuge from the heat in the cellar of a house in the county of Victoria, Ont., was struck by a "bolt" and instantly killed. But the water, which is also largely resorted to in the muggy, sultry days of summer, also claims its share of victims. Freedom from extremes of heat and cold has its advantages.

## What Other People Think

SUNDAY CLOSING LAW.  
To the Editor:—I would like to call your attention to the fact that the tobaccoists of this city are in accord with the spirit of the Sunday Closing Law. The closing of their stores yesterday is a simple proof of this. In contradistinction to this the Italian and Greek stores—dealing in fruits, ices, candies and tobacco—kept their stores open as usual. It is these people who are responsible for the fight now pending in the courts to render the law inoperative in Victoria. The tobaccoists have always been desirous, with one exception, of closing on Sunday.

## RECEPTION TO THE MINISTER OF WORKS

Board of Trade Will Show Honor to Hon. Dr. Pugsley.

The board of trade is preparing a reception to Hon. Wm. Pugsley, minister of public works, who will be here in a day or two. This morning the council discussed the matter and left it in the president's hands. The opportunity will be availed of to point out the needs of Victoria's harbor to the minister.

This was the first regular meeting of the council, and several routine matters were discussed. The Ladies of the Macabees will hold a meeting in Sample's hall, Victoria West, to-morrow afternoon at 2.30 for the purpose of meeting Mrs. Kent, provincial supreme deputy, and for general business. It is requested that all the members attend, as there is important business to come up.

## HOME FROM THE CONFERENCE

VICTORIA'S MEMBER SPEAKS OF ITS WORK

John Nelson Says Meeting of Imperial Journalists Exceeded Expectations.

John Nelson, manager of the Times, returned Saturday after two months' absence attending the great Imperial Press Conference just concluded in London.

There were, eighteen delegates appointed from Canada, Mr. Nelson being the only one present from any point west of Winnipeg. Most of the delegates travelled by the C. P. R.'s fine liner, the Empress of Britain, joining the Australians and New Zealanders at Quebec and going on to London together.

The visit in London will form a never-to-be-forgotten epoch in the history of colonial journalism, Mr. Nelson says. Some of the more prominent of the British journalists had co-operated to make it financially possible for every part of the Empire to be represented with such success that the gathering was representative of every corner of the Empire. But in addition they had secured the abet of British public men to address the gatherings, and arranged entertainments at the finest homes and receptions by prominent people, including Their Majesties and the members of the government.

Visits to Coventry, Oxford, Sheffield, Manchester, Warwick Castle, Glasgow, Edinburgh and the Trossachs, a review at Aldershot and the biggest assemblage of warships ever assembled at Spithead, were among the other forms of instruction and entertainment. A day also was spent at Oxford, where Lord Curzon, the chancellor, gave a luncheon, and another at Windsor Castle, where the delegates witnessed the beautiful ceremony of His Majesty presenting 108 stand of colors to the Territorial Army.

A wonderful amount of space was given to the doings and deliberations of the conference, by not only the British press but the continental newspapers, where the subject of naval defence was involved. In London Mr. Nelson met Mr. Geo. Denny, formerly of the Times, who holds a high post with the Associated Press, Mr. Jos. Martin, R. C., who, though defeated at Stratford-on-Avon, is only awaiting another opportunity of entering British politics; Mr. Geo. McL. Brown, who, as general agent for the C. P. R. in London, met the delegates at Liverpool and made their stay agreeable, and F. Irving Taylor, formerly of Victoria, who is now with the Press Association of London. Dr. Somerville, of Glasgow, formerly of First Presbyterian church, also was an inquirer after Victoria friends.

The conference far exceeded in importance the most sanguine hopes of its promoters and of the delegates, and it is most probable that it will become a fixed event at intervals of several years. The next session is invited to be held at Winnipeg during the Selkirk exposition of 1912, and the English members of the committee are very favorably disposed to the idea.

"The conference," said Mr. Nelson, "has, it is safe to say, exceeded all expectation in the importance it assumed. One reason of this, perhaps, is the present condition of the public, and even, as we discovered, of the official mind of England on the subject of naval defence."

"We had the advantage of a frank discussion of the matter by public men of the standing and well known reserve of Lord Rosebery, Sir Edward Grey, Mr. McKenna, Mr. Balfour, Mr. Haldane and others, and their unanimity on the subject indicates that the anxiety felt is not confined to one party."

Their remarks indicate that the defence conference about to be held will assume a very great significance. They plainly indicated that the mother land had no course of action which is wished to thrust upon the overseas dominions. But as Mr. McKenna, First Lord of the Admiralty, said, "if we are asked for advice we have our answer ready."

Where such authorities as Admirals Fisher and Beresford differ so widely on details the desirability of such a conference as that about to be held is at once manifest.

The frank discussion of the international situation by these leaders of British public thought was evidently intended for colonial ears through the medium of the press delegates and the newspapers they represent.

## MOTHERS WHO HAVE DAUGHTERS

Find Help in Lydia E. Pinkham's Vegetable Compound

Winchester, Ind. — "Four doctors told me that they could never make me regular, and that I would eventually have dropsy. I would bloat, and suffer from bearing-down pains, cramps and chills, and I could not sleep nights. My mother wrote Mrs. Pinkham for advice, and I began to take Lydia E. Pinkham's Vegetable Compound. After taking one and one-half bottles of the Compound, I am all right again, and I recommend it to every suffering woman." — Mrs. MAY DEAR, Winchester, Ind.

Hundreds of such letters from girls and mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by The Lydia E. Pinkham Medicine Company, Lynn, Mass.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action to ward off the serious consequences and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

which I was fortunate enough to be a member, had a pleasant and very satisfactory interview with Mr. Asquith on the subject, and was delighted to have his assurance of co-operation in this respect.

The general results of the conference are, of course, too far reaching and too complex to outline. The effect of bringing together sixty representative journalists from every corner of the Empire, to confer on matters of mutual concern and of Imperial import, to fraternize with their journalistic brethren in England, to meet her public men, be entertained in her stately homes and view her scenery and her industries—all this cannot fail to have an enormous influence in assisting in that vital unification of the different parts of the Empire which is essential to its very existence. The Empire is founded on sentiment, and by meeting together as we have done and learning one another's viewpoints, many misunderstandings have been overcome and many more in all probability avoided.

"Speaking as a Canadian I must express the sense of appreciation we felt at our reception, which was truly royal. From Their Majesties down to the chubby-faced urchins in the country lanes—all in their own way showed how accurately Lord Rosebery had voiced national feeling when he bade us 'Welcome home.'"

"Another great result of the gathering was the opportunity afforded the Canadian newspaper men, and one they never had before, of getting acquainted. For nearly two months they were associated in travel, in conference, in committee and in a social way, and thus learned to know one another as would have been impossible at home, where some of us live four thousand miles apart."

This lecture, which is full of wit and wisdom, has been enthusiastically received wherever given. Dr. Bland never fails to draw a large house in his own city and province. The pawnbroker thought he recognized the jewelry from description given the detective office by J. Gordon Smith, marine editor of the Colonist, who had lost jewelry in the wash. The jewelry, however, did not tally with the Smith treasure, and is being held by the police until a claimant arrives. The Chinese were released after being held over night.

**NEW GRAND THEATRE.**

To hear a composer in his own rendering is to know the work as he intended it should be known, and this opportunity will be given patrons of the Grand theatre this week, when Harry Taylor makes his appearance at each show daily, featuring his own lyrics.

He is a composer, a singer and also a comedian who will go right to the heart of the audience. His repertoire is also "A Friar of Orders Grey," in which his powerful baritone voice will be found most effective.

Manager Jamieson has five imported acts again this week, and J. Warren Keane and company in mystifying sleight-of-hand performances, are placed at the head of the show on account of the remarkable display their work contains. The act is a feature one and will call for special appreciation.

America's foremost dancing eccentric, Alfred K. Hall, is bound to be a hit here where clever dancers have time and time again won unstinted applause by their work. Taylor brings a new dance in his turn comprising an abundance of skill and new steps.

Al and Jack Gruet are known well over the country and are always sure of a welcome. They come this time in "Sam's Substitute," and are added as a special attraction. Their present vaudeville offering is the best they have had in many seasons and is one complete laughing absurdity.

Swordsmanship is always acceptable and as it is a long time since a performance of this kind has been seen here Major J. A. McGuire will doubtless get his full share of praise from Victoria audiences. He is claimed as the world's champion in swordsmanship, and attractiveness is added to the act by the appearance of Miss Annie Olsen who will assist him.

"Sweetheart Won't You Come With Me to Dreamland," is the title of the latest song to be sung by Thomas J. Price, with beautiful illustrated views. The motion pictures this week are splendid, and a good all-round bill is booked.

## FIND IT HARD TO PROVE SPEED LAWS

## Automobile Charge Against Joseph Wachter is Dismissed.

The difficulty of the police to obtain convictions in the case of automobile drivers exceeding the speed limit was demonstrated in the police court this morning, when Magistrate Jay discharged Joseph Wachter, who was summoned on the information of Constable Wood with driving his automobile at the junction of Oak Bay avenue and Fort street on Monday last at above ten miles an hour. In discharging accused the magistrate said while he had a strong suspicion that Wachter had exceeded the limit, the evidence was unsupported, and Wachter would have to get the benefit of the doubt.

Constable Wood said accused had driven in from the races with a load of passengers, and practically flown past the junction. Wachter had passed the junction at 4:50 on the way to the city and had gone past him again on the outward journey at 5:05 p.m. The distance was one and a half miles. However, in cross-examination, could not swear Wachter had come into the city, although he presumed he had. He had a car load of passengers and had passed at fifteen miles an hour at least. He, however, was not certain as to who was in the machine with the driver. The accused swore he was not going more than six miles an hour, and he thought the constable's judgment was warped.

R. Hastings, on a charge of failing to sound an alarm while driving an automobile round a corner, was discharged on his plea that he had just come to the city and was not conversant with the regulations.

## MILPITAS BEST WEIGHT PACKER

WINS JUBILEE FROM  
GALINDA AND HERIVES

Sainesaw and Monvina Both  
Long Shot Winners  
Saturday.

Weighted up to one hundred and thirty pounds, the top allotment of the handicappers, and made the public favorite at that, W. Covington's five-year-old Milpitas, ridden by Brooks, on Saturday ran away from a field of seven and captured with ease the Jubilee High Weight Handicap, the feature event of the card at the Willows, beating the second, Galinda, by two and a half lengths and outstripping Herives, third, by four lengths.

The race, the first at the weights, was run under the best of conditions before a tremendous crowd that jammed into every available observation spot in the stand. Starter Dwyer, however, was a long time getting the horses away and held the crowd in suspense for eleven and a half minutes while he worked the horses into position at the five furlong post.

Milpitas kept well to the inside rail while the jockeying for positions proceeded, and never gave away her station. The advantage of Brooks' strategy in retaining the rail was evident as soon as the weight carrier threw feet under the barrier and hung to the rail, saving ground well at the turns, where many of the lesser weighted horses ran wide and lost ground. Milpitas was never in danger and had two lengths passing the stand. This he increased by half a length at the back stretch, and although Galinda challenged the leader, the distance between the two front horses was never lessened. The winner went to the post at 2 to 1. The time for the race was 1:22, being 3-5th of a second slower than the record. There were two added starters in Blue Heron and Herives.

Two money-making long shots, in Sainesaw and Monvina, came through during the afternoon. Sainesaw, at 10 to 1, beat Ozanne and Harry Rogers in the mile. Ozanne, however, was 15 to 1 for a place and, given a good start, would have landed the first money, as the Cuddehe gelding came with a tremendous burst of speed at the finish after lying in the back all the distance. Monvina, winner of the opening handicap, showed a return to form and a seven furlong gait by winning at 15 to 1 from Burleigh and Aristotele, while Redondo, Illusion and Mill Song, consistent performers, were left out of the money. Humbrecht's mare ran in the tail all the way to the five furlong post, where she suddenly shot forward and overtook the other horses one after the other, winning by a length from Aristotele, which was five lengths better than Burleigh. Redondo, the favorite, acted badly at the post and was given a bad start. Monvina established a new seven furlong time of 1:27 4-5, beating the old record 3-4th of a second.

Max Pink, first made favorite, and then sent up to 8 to 1, with Fredonia the favorite at two, won a half-length victory in the opening race from Fredonia and Lady Quality. In the third and sixth races favorites lost home. Binocular being easily the best from Miss Plenie, Napa Nick and Leston over five furlongs, and Ed Ball beating Merchant and Mattie Mack over a mile and a eighth. The race was won by a head.

COBURN RODE SIX  
AND VOSPER EIGHT  
Illness Prevents Archibald  
From Reaching First  
Place.  
Of the jockeys riding at the Willows, Brooks still retains his lead, although he was out of the saddle most of last week. In the high-weight handicap Saturday he rode Milpitas and brought his total to 27 wins. Archibald, owing to illness, was unable to ride for two days, and after riding Lady Quality third in the first race Saturday was forced to give up his mounts for the afternoon. He remains second with four wins less than Brooks.

The best performance of the week is that of Vosper, who rode eight winners and reached third place. He also has eighteen seconds and the same number of thirds.  
Coburn, for his second week in the saddle, piloted six winners, and Keogh brought his total to nine by riding four winners. The race for jockey honors is now between Brooks, Archibald and Vosper. Archibald, if his health improves, will probably reach the top position. The jockeys who have four or more wins are:

Jockey. 1st. 2nd. 3rd.  
Brooks 23 19 15  
Archibald 23 12 11

W. M. Cain won three races during the past week and has jumped into the lead of winning owners at the Oak Bay track, with a total of \$1,875 to his credit. W. D. Millard captured two races with his useful string during the week, and is now in third position in the list, with a total of \$1,570. The St. James stable, which held the lead for several weeks, has dropped back to fourth place, owing to the inability of the Wheatcroft horses to win a race during the week.

The meeting has been running thirty-seven days and during this time the Country Club has paid out to horsemen the tidy sum of \$48,550. ## YOUNG CORBETT DEFEATED BY FRAYNE

Succumbs to Blows of San  
Francisco Boxer in Eighth  
Round.

San Francisco, Cal., July 19.—That youth must be served was exemplified at the Mission Street arena Saturday afternoon, when Young Corbett, one of the gamiest lads that ever stepped into a ring, succumbed to the blows of Johnny Frayne, the San Francisco lightweight, in the eighth round. After being knocked down four times his seconds threw up the sponge and dragged the battered, gasping and bleeding ex-champion to his corner, marking the finish of the ring career of the boy that laid Terry McGovern low. Corbett had no chance at any stage of the fight.

## NARROW ESCAPE FROM EXPLODING LAUNCH

Men Left Small Craft Just in Time—Queen City Brings News.

Three men, Messrs. Fry Brothers and Grey, had a very narrow escape for their lives a few days ago at Texada Island. They were cruising around the island in a launch with a large supply of gasoline aboard, sufficient to last them for several months. Near Van Anda they took the dingy ashore, and just as they stepped on terra firma an explosion occurred on the launch, wrecking it and sending it to the bottom. The men returned on the steamer Queen City, which arrived here last night.

The Queen City brought from the North a party of timber cruisers, Messrs. Snively, Riley, Harris, Maloney, Harger, Jackson and Everett, Victorians, who spent rather more than a week on Min-strel Island. They were rather reticent as to the work they had been doing. Eight loggers were brought south from Mosier's logging camp on Johnstone Strait, the camp having closed down for the rest of the season.

Two interesting passengers were carried from Alert Bay to Rivers Inlet in H. Smith, the famous collector, who is once more on the hunt for totem poles for the Smithsonian Institute, and W. D. Taylor, an artist who is photographing and painting a series of Indian pictures. They intended to call at all the important Indian villages, spending some time at each.

From Vancouver the Queen City brought three large air tanks which will be used in the new log alarm which is being installed at Carmanah Point. A consignment of fire clay was also brought from Alert Bay for the local pottery.

The Queen City will leave for the North to-morrow night.

## LONSDALE TO TAKE RAILS TO SKAGWAY

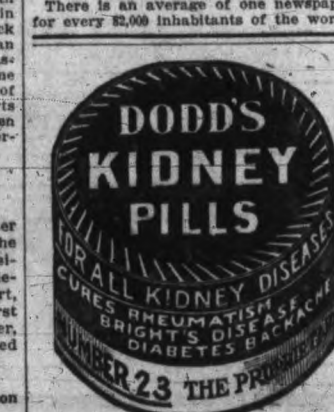

New Time Card for Canadian Mexican Line—Sailings to Prince Rupert.

Steamer Lonsdale left yesterday morning for Salina Cruz and way ports with a rather light cargo. She should arrive at that port about August 7th, and she is expected to leave a few days later, arriving here early in September. She should have a cargo of steel rail for Skagway, to which port she will go when she returns.

A new time table has been issued by the Canadian-Mexican Pacific Steamship Co., which shows all the through connections from Europe. The steamers will henceforth arrive here about the last of each month and call at Victoria, Vancouver, New Westminster and Prince Rupert.

The Georgia is about leaving Salina Cruz and should arrive here early in August.

There is an average of one newspaper for every 2,000 inhabitants of the world.

A Dreadnought costs about \$24 a ton to build.

## GREEK FISHERMAN HELD FOR MURDER

Said to Have Stabbed a Companion in Course of Drunken Row.

S. Satero, a Greek fisherman, charged with the murder of Antonio Gordon, was brought here Saturday by Chief Constable Campbell, of the Vancouver provincial police, to await trial at the next assizes. He is now confined at the provincial jail.

The charge is that Satero, in a row with the dead man, stabbed him with a knife. A party of fishermen set out from Stevenson on the 14th instant in boats with a large supply of liquor to hold a jollification. They landed at Point Roberts and held a carousal, the result of which was a row and stabbing.

On returning to Stevenson Satero was handed over to the authorities, and Friday morning an inquest was held at Vancouver, on the remains of Gordon. Satero was committed for trial in the afternoon before Justice of the Peace Faulkner.

## YORKSHIRE SOCIETY HAD PLEASANT TIME

Annual Basket Picnic Was Great Success—Held at Holland Point.

The Yorkshire Society of British Columbia held its annual basket picnic at Holland Point on Saturday afternoon, when quite a large gathering of Yorkshire folk and their friends had a most enjoyable time.

The good wives, girls and boys joined heartily in the sports and everybody seemed to get a prize. Comparatively new arrivals from the Old Country were largely in evidence, whilst some of the older-timers were somewhat conspicuous by absence, amongst them the genial smile and figure of Canon Beauland being missed.

Amongst the generous donors and helpers may be mentioned Colonel Prior, Alderman Fullerton, Thomas Whitwell, H. S. Henderson, Joseph Belron, W. Hawksby, H. Hodgson, W. F. Winsby, R. Dinsdale, W. T. Williams, Percy Richardson, Mr. and Mrs. Clegg, Mr. and Mrs. P. Fowler, Cyrus H. Brown, E. E. Greenshaw, Mrs. P. Richardson, Richard Merritt, Mr. and Mrs. G. Crowther, W. G. Winterburn, Victoria Hardware Co., B. C. Hardware Co., E. and T. Raper, W. Holmes, Mrs. H. Holmes, Mrs. Simpson, Mrs. H. Wonnacott, Mrs. Duncan, Mrs. Hamsey, Mrs. Smithurst and others.

Among the passengers were a large number of strangers, who expressed themselves as delighted with the scenery among the gulf islands. Next Sunday the Iroquois will call at Fulford, Beaver Point, Port Washington and Mayne, both going and on the return trip.

## ALASKA COAST NEEDS MORE LIGHTHOUSES

Members of U. S. Board Will Recommend Additional Aids to Navigation.

(Times Leased Wire.)

Seattle, Wash., July 19.—Dr. H. S. Pritchett, of Boston, member of the United States lighthouse board, is today on his way to the East. Dr. Pritchett made a trip to Alaska recently on the lighthouse tender Manzanita to inquire into the need for additional lighthouses along the Alaskan coast. Regarding this, Dr. Pritchett makes only the bare statement that he thinks the Alaska coast needs more lighthouses, and that he shall so recommend to the lighthouse board.

Steamer Tosa Maru, of the Nippon Yusen Kaisha line, will leave for the Orient tomorrow. She will call here for a gang of ten Italian laborers going to Shanghai, and will also take a number of Japanese passengers.

Steamer Otter arrived from the West Coast yesterday morning bringing 854 barrels of whale oil, which she left at the outer dock.

## NORTH BEND.

## RUN OF SALMON

## INCREASING FAST

Canneries and Traps Both Getting Busy Looking After Catch.

The fishermen are getting too busy to look down the straits for salmon, for the sokeys are already arriving and are keeping the traps and canneries pretty busy. Some uneasiness has been felt at the delay, but it is satisfactory to know that at last the fish have arrived. Todd's traps have yielded so far about ten thousand fish, and Findlay, Darnham & Broie had a lift of three thousand this morning. It is expected that the run will steadily increase during the next few days.

## LORNE NEARLY READY.

Will Be Much More Powerful Tug Than Formerly.

The sea-going tug Lorne is expected to go into commission again in the first week of August. The big tugboat is getting new boilers installed on the Sound, and will be much more powerful than formerly. Captain Batchelor will again command her, and says the tug will do better work than formerly. A wireless plant and operator will also be part of her fixtures when she takes the water next month.

## HERE FOR COAL.

Christian Mickelsen Here En Route to Mexico.

Steamer Christian Mickelsen passed in this morning bound from Otaru, Japan, to Boat Harbor for coal. She has a heavy cargo of ties on her deck as well as in her hold. She will go south to Mexico as soon as she has her bunkers full. It seems a long way round to call here on her way from Japan to Mexico.

SOUTH SAANICH TAX  
RATE SEVEN MILLS

No Change From Last Year—  
This Rate Will Meet All  
Demands.

At its meeting on Saturday evening  
the municipal council of South Saanich  
fixed the tax rate for 1909 at seven  
mills on the dollar, which is the same  
as last year. As the assessment is but  
little over that of last year the revenue  
will be about the same, somewhere  
about \$25,000. The estimated expendi-  
ture is \$24,000, leaving a comfortable  
balance. The expenditure is being  
made on roads chiefly, to the extent of  
\$14,500.

In discussing the rate the suggestion  
made last year, that only lands be  
taxed and improvements exempted,  
was again advanced, but was voted  
down after a long discussion. Improve-  
ments will be taxed to fifty per cent.  
of the assessed value.

Reeve Quick and Councillors Sewell  
and Jones were named to wait on the  
city council to-night and discuss the  
question of water supply for the dis-  
tricts adjoining Tolmie road and George  
road.

JEAN BLEWETT IS  
VISITING THE COAST

She May Be Invited to Give a  
Reading From Her  
Poems Here.

A distinguished Toronto writer, Mrs.  
Jean Blewett, whose poems are so  
well and favorably known throughout  
Canada, and whose stories are always  
read with pleasure, is en route for the  
coast and will arrive in Vancouver  
about August 1st.

Some of her admirers in that city are  
arranging to have her give a public re-  
cital from her works while there. The  
same idea would be popular in Victoria  
if some one would take it up.

ACADEMY TO BE  
BUILT AT VANCOUVER

Will Be Erected on Shaugh-  
nessy Heights by Sisters of  
St. Ann.

Vancouver, July 17. An academy to  
be devoted exclusively to the educa-  
tional requirements of approximately  
200 girls and young women is to be es-  
tablished on Shaughnessy Heights by  
the Sisters of St. Ann. Already a com-  
manding site, ten acres in extent, has  
been secured from the C. P. R. and the  
work of clearing the ground commenced.  
As soon as the timber, brush and  
stumps have been removed the  
grounds will be graded and by that time  
it is expected the plans for the large  
building to be erected will be completed  
and ready to proceed with.

The projected academy has the  
backing of Archbishop Bruchesi of  
Montreal, and the plans for its estab-  
lishment have the approval of Sir  
Thomas Shaughnessy, president of the  
C. P. R., the location having been  
passed upon by the railway authori-  
ties in Montreal a few days ago.

According to the agreement be-  
tween the railway company and the  
Sisters of St. Ann, the grounds sur-  
rounding the buildings of the acad-  
emy are to be donated.

SPOOKS AT PANTAGES.

Every race track fan find in Victo-  
ria will be delighted at the announce-  
ment that the renowned Astro, clair-  
voyant, the man who has the reputa-  
tion of knowing everything, is to be

Pantages all week. Everyone with a

of looking into the future and telling  
what's going to happen.

big event with the new Pantages show  
in the bright sparkling comedy, "A  
Night With the Redmen." Bell & De  
Bell sing and whistle comedians;

tor, and the regular Pantages house  
attractions complete the list.

do not mind a little walk.

## A MOTHER'S BREAKDOWN

Her Health So Shattered Her Chil-  
dren Were Taken From Her.

It is a sad story, one that is not often  
heard now-a-days that is told in the  
following letter by Mrs. Marion R.  
Charlotte, written from her home in  
Pittsburg: "For about five years I suf-  
fered from a complication of disorders,  
the origin of which my doctor was un-  
able to discover. It was undoubtedly  
owing to imperfect action of the liver  
and stomach. I am sure of this be-  
cause there was a continual weight and  
painful fullness in my right side and  
scarcely anything I ate was digested. I  
also suffered agony with hemorrhoids.  
A succession of sleepless nights, cruel  
pains in my side and back, combined  
with the terrible state of my nerves  
made me wish for death.

"I could do no housework, my sisters  
took my small children and I despaired  
of ever getting on my feet again.

"One memorable day a neighbor  
brought me a box of Dr. Hamilton's  
Pills similar to mine. To my astonishment,  
I felt better next day. Gradually all my  
pains disappeared. I put up flesh,  
looked healthy, had lots of spirit and a  
desire to work. Dr. Hamilton's Pills  
cured me and I know they will work  
marvels for every woman that uses them."

"The one safe dependable medicine for  
men and women in poor health is Dr.  
Hamilton's Pills—refuse any substitute.

WILL SHORTLY BEGIN  
WORK AT CHILLIWACKB. C. Electric Railway Co. is  
Preparing to Build  
Stations.

Chilliwack, July 16.—Assistant Man-  
ager F. R. Glover, of the B. C. Electric  
Railway Company, accompanied by  
Messrs. Mitchell-Innes and Blundell-  
Brown, of London, Eng., directors of  
the company, made an official visit of  
inspection over the proposed line be-  
tween New Westminster and this city.  
The officials expressed themselves very  
much pleased with what was seen and  
with the prospects for a paying road  
between this city and New Westmin-  
ster as soon as the road was completed.

Mr. Glover gave assurance that it  
was their intention to immediately  
commence the construction of this last  
section of the road. Some delay had  
been caused through securing a right  
of way through Sards, but this was  
now very amicably settled and the line  
would run practically along the same  
surveys as at first made with the ex-  
ception that it would pass through in-  
stead of the hopfields when it crossed the  
road at the Eden Bank creamery, thus  
avoiding the cutting up of the lots as  
at first proposed on the east side of the  
W. Amstern road. The Sards station  
is to be built at the road in the corner  
of the Coqualestetia property and will  
be most convenient for shipping from  
all points of that fertile district.

The freight shed here will be situated di-  
rectly back of the old Methodist church  
and the tram barn site will be chosen

as near the centre of the town as pos-  
sible. The engineers for the company  
have instructions, to begin the laying  
out of the grounds for these stations,  
and immediately will be seen activity  
within the city limits upon the new  
tram. The assurance was given that  
the road would be completed and run-  
ning well within the time limit as set  
forth in their franchise, and a year  
from now should see the official open-  
ing of the road.

## THE SMART SET.

There's a delicious flavor of summer-  
time about the August Smart Set.  
Everyone who has crossed the great  
Atlantic will feel with Florida Pier the  
moods that inspired her remarkable  
story, "Mid-Sea Madness." Tom Mac-  
son's "Random Notes from My Log  
Book," Archibald Sullivan's "The Aug-  
ust Set," W. H. G. Wyndham Martyn's  
breazy automobile story, "The Experi-  
mental Journey," "Camilla," by Jules  
Eckert Goodman, where all the world's  
a-horseback; "My Wife and I," Charles  
Francis Read's glorification of the ro-  
mance of middle age, and "The Tem-  
pletons' Night Out," by E. Lawrence  
Dudley, a tale of New York's streets  
after midnight, are all features. Mary  
Glackson's "The Mistress of Math,"  
is a delightful story of summer days.  
"The Knot," a novel by Emma Wolf  
dealing with the sacredness of marriage  
is published complete. Charles Battell  
Loomis's satirical essay, "On Extrava-  
gance," a clever one-act play by Fred  
eric Arnold Kuehner, short stories by  
William Hamilton Osborne, Hawthorn  
Campbell, Crittenden Marriott, Lee  
Crane, and verse and sketches by Ge-  
lert Burgess, Theodosia Garrison and  
others round out the magazine.

## MAN FOUND DEAD.

Theory Advanced That He was Help Up and Died of Heart.

San Francisco, Cal., July 17.—Terrified screams heard by residents of the vicinity of Bush and Franklin streets half an hour previous to the finding of the dead body of Harry Emery, a park employee, and a conclusion over the man's right eye have led the police to believe that he died a violent death.

Emery's body was found at 3 o'clock this morning by Chas. Koster, a grocer, lying face downward in the street. Koster, who heard the cries, went out to investigate.

Detectives have been detailed on the mysterious case, and the man's stomach has been sent to the city's chemist. The theory has been advanced that Emery was held up and died of fright.

## LOGGERS WILL FORM PERMANENT CONGRESS

Addresses Dealing With the In-  
dustry Delivered at Seattle  
Gathering.

(Times Local Wire.)

Seattle, Wash., July 19.—Sessions of  
the Pacific Coast Logging Congress be-  
gan to-day in the Hoo Hoo house on  
the exposition grounds, with many  
prominent loggers and others identified  
with the industry in attendance from  
all parts of the Pacific northwest. The  
programme outlined provides for the  
organization of a permanent logging  
congress, the election of officers, ad-  
dresses by noted speakers and an ex-  
cursion to Mukilteo, to inspect the mills  
there.

After the address of welcome by the  
president, E. P. Blake, of Seattle, a  
great number of addresses were deliv-  
ered, among which were the following:  
"The scope and purpose of the Pacific  
Coast Logging Congress," Frank H.  
Lamb, Hoquiam, Wash.; "Electricity as  
a factor in logging," George J. Brown,  
Portland; "Cost of fuel for donkey  
engines," C. W. Thompson, Cascade  
Locks, Ore.; "Timber cruising," Frank  
H. Conant, Weyerhaeuser Timber Co.;  
"Fire hazard and its prevention," D. P.  
Simmons, Washington Forest Fire As-  
sociation, and Prof. F. F. Miller, Uni-  
versity of Washington; "Methods of  
redwood logging," W. W. Peed,  
Eureka, Cal.; "Sugar pine logging,"  
Wallace Everett, manager Wood and  
Iron, San Francisco; "Logging on  
grades too steep for locomotives," A.  
W. McLafferty, Tenino, Wash., and  
A. W. Clark, O. K. Logging Co., Portland,

## LONDON REPLIES TO CHARGE OF PLAGIARISM

Novelist Resents Accusation  
Made by an English  
Journalist.

San Francisco, Cal., July 19.—Admit-  
ting that he is "sucker," Jack London  
resents the accusation that he is a  
plagiarist, and in a communication  
sent to friends in this city, he scores  
Frank Harris, the English journalist,  
who made the charge. The letter,  
which was written at Panama, says:  
"Arriving at Panama from South  
America, after being four months away  
from newspapers and letters, I got in  
touch with my mail and found the  
usual charge of plagiarism awaiting  
me. Mr. Frank Harris, using the dead-  
ly parallel column, has published in  
Vanity Fair an extract from an article  
written by him in 1901 and an extract  
from The Iron Heel, published by me  
in 1909. Line by line, and paragraph  
by paragraph, he proves conclusively  
that I have lifted from him bodily fully  
a thousand words of his own composi-  
tion. On the face of it, I should be  
hanged. That is the way we used to  
have in dealing with horse thieves in  
the wild west.

"Mr. Frank Harris says: 'A great  
meeting was to be held at Westminster  
town hall for the promotion of public  
morality. The Bishop of London pre-  
sided.' It occurred to me that it would  
be amusing to picture what would be  
the effect on the meeting if the Bishop  
of London had suddenly become a  
Christian. I wrote it all down."  
"Now in 1901, I found Mr. Harris'  
composition published in an American  
paper. To it was affixed an introduc-  
tion by an American journalist, in  
which he said that those quoted words  
of the Bishop of London had been  
taken from the one London publica-  
tion that had had the courage to print  
what the Bishop of London had actual-  
ly said.

"I had never heard of Mr. Harris. I  
did not know that the unknown Eng-  
lish journalist had perpetrated a can-  
nard. I don't think the American jour-  
nalist knew that Mr. Harris had per-  
petrated this canard. He took Mr.  
Harris' article in good faith, and cer-  
tainly took it in good faith. I took  
what I saw in the newspaper as the  
quoted words of the Bishop of London  
uttered on a public platform. I thought  
I had a human document, and it made  
such a striking impression on me that  
I filed it away for future use.

"Years afterward, in writing The  
Iron Heel, I resurrected the clipping.  
And with much glee I used it word for  
word, and again filed the clipping  
against the possibility of being charged  
in the future with having stolen  
realism and human probability. I  
smiled to myself at the thought that  
when such a charge was laid at my  
door I would bring forth the clipping  
the human document containing the  
publicly-uttered words of the Bishop

## PLEASANT AFTERNOON AT "BEACH COTTAGE"

Mrs. Atkins Hostess at a  
Charming Social Function  
on Saturday.

Mrs. Atkins' garden party on Satur-  
day afternoon, given at her lovely  
home, "Beach Cottage," Ballas road,  
was one of the most charming social  
functions of the present season.  
Mrs. Atkins' warm-hearted Irish  
hospitality is well known, and an in-  
vitation from her is always met with a  
prompt acceptance.

Mrs. Atkins received her guests, look-  
ing very smart in a becoming flowered  
organdie. The handsome reception hall  
and drawing room were beautifully  
decorated with quantities of sweet  
peas, while in the dining room, where  
a gay bevy of young ladies in very  
pretty gowns dispensed dainty refresh-  
ments from the hostesses' rare old  
china and beautiful family silver, roses  
of all shades, relieved by feathery  
sprays of gypsophila, were used with  
splendid effect.
